

Curriculum vitae

Personal details

First name(s), surname, title(s): Dr. Henneke Versteeg
 Male/female: Female
 Date and place of birth: September 6, 1984, Alkmaar, The Netherlands
 Nationality: Dutch
 Native country parents: The Netherlands
 Contact address: Tilburg University – room P604
 Dept. of Medical Psychology and Neuropsychology
 PO Box 90153
 5000 LE Tilburg
 The Netherlands
 Phone (work): +31 (0)13 466 2115/2175
 E-mail: h.versteeg@uvt.nl

Educational background

Doctorate

University/College of Higher Education: Tilburg University
 Date: November 4, 2011
 Supervisors: Prof.dr. J. Denollet (Tilburg University)
 Prof.dr S.S. Pedersen (Tilburg University)
 Prof.dr P.A.F.M. Doevendans (University Medical Center Utrecht)
 Dr. M. Meine (University Medical Center Utrecht)
 Title of dissertation: "Cardiovascular implantable electronic devices: The patient perspective"
 Distinction: Cum laude

Master's degree

University/College of Higher Education: Maastricht University, The Netherlands
 Date: December 31, 2007
 Main subject: Research Master Neuropsychology
 Thesis: "Evaluation of the effectiveness of psycho-education for stroke patients in a nursing home and their caregivers"
 Distinction: Cum laude

Work experience

May 2011 - present Postdoctoral researcher, 1.0 fte, fixed-term, Department of Medical Psychology and Neuropsychology, Tilburg University, The Netherlands
 May 2008- May 2011 PhD-student, 1.0 fte, fixed-term, Department of Medical Psychology and Neuropsychology, Tilburg University, The Netherlands

Teaching experience

- Lecturer Master Medical Psychology: 'Advanced Scientific Skills for the Medical Psychologist' (Tilburg University, 2011 - present)

- Lecturer Master Medical Psychology: 'Theory and Research' (Tilburg University, 2011 - present)
- Supervisor of Master students: research internship, thesis (Tilburg University, 2011-present)
- Supervisor of Bachelor students: thesis (Tilburg University, 2009-2012)
- Supervisor of course 'Research Skills in Psychology' (Tilburg University, 2008-2011)
- Student member in course planning 'Statistics II' (Maastricht University, 2005)
- Tutor in several Psychology Bachelor courses (Maastricht University, 2004-2005)

Courses

- 'Good Clinical Practice' (Basiscursus Regelgeving en Organisatie voor Klinisch onderzoekers (BROK)), University Medical Center Utrecht, the Netherlands (March 19, 2012)
- 'Survival Analysis.' Erasmus Medical Center, Rotterdam, The Netherlands (August 2009)
- 'Systematic reviews: Theory and Practice.' Part of the Post-Graduate Training program of the Institute for Research in Extramural Medicine. VU University Medical Center Amsterdam, The Netherlands (January 2009)

Committees

- Member of the Programme Committee of the Council on Cardiovascular Nursing and Allied Professions (CCNAP) (July 2011-present)

Reviewing responsibilities

I have served as a peer reviewer for the following scientific journals:

- Psychosomatic Medicine
- Journal of Psychosomatic Research
- Journal of Affective Disorders
- Pacing and Clinical Electrophysiology
- European Journal of Cardiovascular Nursing
- Women and Health

Other relevant experiences

- Project leader REMOTE-CIED study, UMC Utrecht (August 2012 - present)
- Research coordinator Amphibia Hospital, Breda (May 2012 - present)
- Keynote speaker at region meetings on 'The Patient Perspective' organized by Medtronic (March 2012)
- One of the principal organizers of an International Device Conference on the Patient Perspective (November 3 and 4, 2011, Tilburg, the Netherlands)
See also: <http://www.tilburguniversity.edu/research/institutesand-research-groups/corps/device2011/>
- Working visit to prof.dr. K.H. Ladwig, Institute of Epidemiology, Helmholtz Zentrum Munich, Germany (November 2008)
 - o Living with an Implanted Cardioverter-Defibrillator (LICAD) study

List of publications

International refereed journals

1. Habibovic M, **Versteeg H**, Pelle AJ, Theuns DA, Jordaens L, Pedersen SS. Poor health status and distress in cardiac patients: The role of device therapy vs. underlying heart disease. *Europace*; *in press*.

2. Damen, N.L.M., **Versteeg, H.**, Boersma, E., Serruys, P.W., Geuns, R.-J.M. van, Denollet, J., Domburg, R.T. van, & Pedersen, S.S. Depression is independently associated with 7-year mortality in patients treated with percutaneous coronary intervention: Results from the RESEARCH-registry. *Int J Card* 2012;*in press*.
3. Pedersen SS, Brouwers CJ, **Versteeg, H.** Psychological vulnerability, ventricular tachyarrhythmias and mortality in implantable cardioverter defibrillator patients: Is there a link? *Exp Rev Med Dev* 2012;9:377-88.
4. **Versteeg H**, Starrenburg A, Denollet J, van der Palen J, Sears SF, Pedersen SS. Monitoring device acceptance in implantable cardioverter defibrillator patients using the Florida Patient Acceptance Survey. *Pacing Clin Electrophysiol* 2012; 35:283-93.
5. **Versteeg H**, Spek V, Pedersen SS, Denollet J. Type D personality and health status in cardiovascular disease populations: A meta-analysis of prospective studies. *Eur J Cardiovasc Rehabil* 2012;19:
6. **Versteeg H**, van den Broek KC, Theuns DAMJ, Mommersteeg PMC, Alings M, van der Voort P, Jordaens L, Pedersen SS. Effect of cardiac resynchronization therapy-defibrillator implantation on health status in patients with mild versus moderate symptoms of heart failure. *Am J Card* 2011;108:1155-115.
7. Pedersen SS, **Versteeg H**, Nielsen JC, Mortensen PT, Johansen JB. Patient-reported outcomes in Danish implantable cardioverter defibrillator patients with a Sprint Fidelis lead advisory notification. *Europace* 2011;13:1292-1298.
8. van den Broek KC, **Versteeg H**, Erdman RAM, Pedersen SS. The distressed (Type D) personality in both patients and partners enhances the risk of emotional distress in patients with an implantable cardioverter defibrillator. *J Affect Disord* 2011;130:447-453.
9. **Versteeg H**, Theuns DAMJ, Erdman RAM, Jordaens L, Pedersen SS. Posttraumatic stress in implantable cardioverter defibrillator patients: The role of pre-implantation distress and shocks. *Int J Cardiol* 2011;146:438-439.
10. Pedersen SS, **Versteeg H**, Denollet J, Cheng JM, Serruys PW, Van Domburg RT. Patient-rated health status predicts prognosis following percutaneous coronary intervention with drug-eluting stenting. *Qual Life Res* 2011;20:559-567.
11. **Versteeg H**, Baumert J, Kolb C, Pedersen S, Denollet J, Ronel J, Ladwig K-H. Somatosensory amplification mediates sex differences in psychological distress among cardioverter-defibrillator patients. *Health Psychology* 2010;29:477-483
12. **Versteeg H**, Schiffer AA, Widdershoven JW, Meine M, Doevendans PA, Pedersen SS. Response to cardiac resynchronization therapy: Is it time to expand the criteria? (viewpoint). *Pacing Clin Electrophysiol* 2009;32:1247-1256.
13. **Versteeg H**, Pedersen SS, Erdman RAM, van Nierop JWI, De Jaegere P, Van Domburg RT. Negative and positive affect are independently associated with patient-reported health status following percutaneous coronary intervention. *Qual Life Res* 2009;18:953-960.

Oral presentations (international congresses)

1. **Versteeg H**, Meine M, Tuinenburg AE, Doevendans PA, Denollet J, Pedersen SS (2012, March). *Discrepancy between improvement in NYHA functional class and patient-reported health status following CRT- Who knows best: The physician or the patient?* Presented at the 12th Annual Spring Meeting on Cardiovascular Nursing (CCNAP), Copenhagen, Denmark.

Oral presentations (national congresses)

1. **Versteeg H**, Meine M (2011, November). *The clinical response to CRT: The psychologist's perspective.* Presented at the 1st International Conference on the CIED patient Perspective, Hilvarenbeek, The Netherlands.

2. **Versteeg H**, Meine M, Tuinenburg AE, Doevendans PA, Denollet J, Pedersen SS (2011, March). *Discrepancy between improvement in NYHA functional class and patient-reported health status following CRT- Who knows best: The physician or the patient?* Presented at the spring-conference of The Netherlands Society of Cardiology (NVVC), Arnhem, The Netherlands.

Poster presentations (international congresses)

1. **Versteeg H**, van 't Sant J, Meine M, Zwetsloot PP, Cramer MJ, Doevendans PA, Denollet J, Pedersen SS (2012, June). *Pre-implantation psychological distress is associated with poorer health status in CRT-D patients.* Poster presented at Cardiostim, Nice, France.
2. **Versteeg H**, Tekle FB, Pedersen SS, van der Voort PH, Alings M, van den Broek KC, Denollet J (2012, June). *Prognostic value of shocks and Type D personality in younger and older ICD patients.* Poster presented at Cardiostim, Nice, France.
3. **Versteeg H**, van den Broek KC, Theuns DAMJ, Mommersteeg PMC, Alings M, van der Voort PH, Jordaens L, Pedersen SS (2011, June). *Health status improvements after CRT-D implantation in patients with mild versus moderate symptomatic heart failure.* Poster presented at Europace, Madrid, Spain.
4. **Versteeg H**, Meine M, Tuinenburg AE, Doevendans PA, Denollet J, Pedersen SS (2011, June). *Discrepancy between improvement in NYHA functional class and patient-reported health status following CRT - Who knows best: The physician or the patient?* Poster presented at Europace, Madrid, Spain
5. **Versteeg H**, van den Broek KC, Theuns DAMJ, Mommersteeg PMC, Alings M, van der Voort PH, Jordaens L, Pedersen SS (2011, May). *No health status benefits of CRT-D compared to ICD-only in the first year following implantation: A multi-center prospective study.* Poster presented at the Heart Rhythm Society's 32nd Annual Scientific Sessions, San Francisco, California, USA.
6. **Versteeg H**, Theuns DAMJ, Erdman RAM, Jordaens L, Pedersen SS (2010, June). *Posttraumatic stress disorder after implantation with an Implantable Cardioverter Defibrillator.* Poster presented at Cardiostim, Nice, France.
7. **Versteeg H**, van den Broek KC, Theuns DAMJ, Mommersteeg PMC, Alings M, van der Voort PH, Jordaens L, Pedersen SS (2010, June). *Health status in ICD patients with and without CRT: a multi-center prospective study.* Poster presented at Cardiostim, Nice, France.
8. **Versteeg H**, Theuns DAMJ, Erdman RAM, Jordaens L, Pedersen SS (2010, March). *Posttraumatic stress disorder after implantation with an Implantable Cardioverter Defibrillator.* Citation poster presented at the 68th Annual Scientific Meeting of the American Psychosomatic Society, Portland, Oregon, USA.
9. **Versteeg H**, Theuns DAMJ, Erdman RAM, Muskens A, Jordaens L, Pedersen SS (2010, March). *Type D personality independently predicts 1- and 2-year mortality in Implantable Cardioverter Defibrillator patients.* Poster presented at the 68th Annual Scientific Meeting of the American Psychosomatic Society, Portland, Oregon, USA.
